## Dallas County Values Voter Guide Constitutional Amendment Election

### State of Texas Proposition 1

#### Ballot Language

The constitutional amendment authorizing the legislature to provide for an exemption from ad valorem taxation of part of the market value of the residence homestead of a partially disabled veteran or the surviving spouse of a partially disabled veteran if the residence homestead was donated to the disabled veteran by a charitable organization for less than the market value of the residence homestead and harmonizing certain related provisions of the Texas Constitution.

#### Legislative Background

Interested parties contend that the circumstances under which a partially disabled veteran is entitled to a property tax exemption of part of the market value of a residence homestead donated to the veteran by a charitable organization are too narrow in scope and should be expanded to ensure that these veterans are not faced with serious financial strain or a tax burden. H.J.R. 21 proposes an amendment to the Texas Constitution to provide for the expansion of this exemption with respect to the circumstances under which the residence homestead was donated.

### State of Texas Proposition 2

#### Ballot Language

The constitutional amendment to establish a lower amount for expenses that can be charged to a borrower and removing certain financing expense limitations for a home equity loan, establishing certain authorized lenders to make a home equity loan, changing certain options for the refinancing of home equity loans, changing the threshold for an advance of a home equity line of credit, and allowing home equity loans on agricultural homesteads

#### Legislative Background

Interested parties contend that certain changes should be made to the home equity borrowing system in Texas to ensure that home equity financing is available for both large and small home equity loans. S.J.R. 60 seeks to increase the accessibility of home equity loans and maintain the stability of home equity lending in Texas by proposing a constitutional amendment to implement such changes.

### State of Texas Proposition 3

#### Ballot Language

The constitutional amendment limiting the service of certain officeholders appointed by the governor and confirmed by the senate after the expiration of the person's term of office.

#### Legislative Background

Concerns have been raised that a provision of the Texas Constitution allowing for certain state officers to continue to perform the duties of their offices until their successors are duly qualified has been used as an undue extension of a particular officer's term of office. S.J.R. 34 seeks to address these concerns by limiting the service of certain officers appointed by the governor after the expiration of the officer's term of office.

### State of Texas Proposition 4

#### Ballot Language

The constitutional amendment authorizing the legislature to require a court to provide notice to the attorney general of a challenge to the constitutionality of a state statute and authorizing the legislature to prescribe a waiting period before the court may enter a judgment holding the statute unconstitutional.

#### Legislative Background

Interested parties cite a recent court ruling suggesting that a state statute can be declared unconstitutional by a court without the state, through the attorney general, having the opportunity to appear and defend the constitutionality of the statute in question. S.J.R. 6 seeks to present this issue to Texas voters by proposing an amendment authorizing the legislature to require an applicable court to provide notice to the attorney general of a challenge to the constitutionality of a state statute and authorizing the legislature to prescribe a waiting period before the court may enter a judgment holding the statute unconstitutional.

## Dallas County Values Voter Guide

### State of Texas Proposition 5

#### Ballot Language

The constitutional amendment on professional sports team charitable foundations conducting charitable raffles.

#### Legislative Background

Interested parties note that the Charitable Raffle Enabling Act authorizes a qualified nonprofit organization to conduct charitable raffles in which prizes other than money are offered or awarded and all of the proceeds from the sale of raffle tickets are allocated for use for the organization's charitable purposes. The parties have expressed a need to expand the use of such raffles so that a charitable foundation that is associated with a professional sports team can highlight its philanthropic activities, bring awareness to community needs, and encourage sports fans to contribute to worthy causes. H.J.R. 100 proposes a constitutional amendment relating to such charitable raffles.

### State of Texas Proposition 6

#### Ballot Language

The constitutional amendment authorizing the legislature to provide for an exemption from ad valorem taxation of all or part of the market value of the residence homestead of the surviving spouse of a first responder who is killed or fatally injured in the line of duty.

#### Legislative Background

Interested parties note the recent tragic deaths of first responders across the state and contend that one way to honor these individuals is to lessen the financial burden on their families. S.J.R. 1 seeks to do so by providing for a property tax exemption for a qualifying surviving spouse of a first responder killed or fatally injured in the line of duty.

### State of Texas Proposition 7

#### Ballot Language

The constitutional amendment relating to legislative authority to permit credit unions and other financial institutions to award prizes by lot to promote savings.

#### Legislative Background

Interested parties contend that Texas should follow the example of other states that have authorized banks and credit unions to institute programs encouraging citizens to save by offering them certain prizes for depositing funds into their savings accounts. H.J.R. 37 seeks to incentivize saving among Texans by proposing a constitutional amendment to authorize financial institutions and credit unions to offer prize-linked savings programs with legislative permission.
